V-travel in cooperation with the certified Centers for Lifelong Learning KEK ORAMA designed, organized and now present to the international tourism market the innovative product: **Mini Greek Schools.**

What are the Mini Greek Schools?

Mini Greek Schools are small training programs carried out in different places of Greece for those who wish to combine training in specialized subjects and holidays, regardless of age and educational level. It is a very innovative proposal that is a lifetime experience for those who attend the program.

What does each Mini Greek School include?

Each Mini Greek School includes:

- A specific training program and interactive educational material for all ages and all educational levels
- Access to an e-learning platform so that trainees can continue their studies after the end of the program
- Presentations by experienced teachers in different languages depending on the group of the trainees
- Educational tours and excursions to archaeological sites, museums, attractions where the trainees have the opportunity to see what they have been taught in theoretical courses
- Tours by certified, pleasant and polite guide tours / drivers / translators
- Certification awarding at the end of the educational process in a wonderful farewell celebration
- Enough free time for the trainees to enjoy their holidays and to experience the Greek life and culture
- Courses implemented both in summer and winter season in various places of Greece so that the participants have many options
- Accommodation in 3 * or 4 * hotels with rich Greek breakfast buffet
- Enjoying the famous Greek cuisine during dinner and entertainment with Greek music and traditional dances

What are the subjects of Mini Greek Schools?

The Mini Greek Schools training agenda is the same in any place of Greece chosen by the trainees. The things that differ are the excursions, tours and activities in which trainees participate.

Mini Greek Schools will have the following training programs

What kind of certification do Mini Greek Schools have?

At the end of each training program there is an evaluation process and the trainees receive a certificate from a Certified Center for Lifelong Learning during a farewell celebration. Trainees have the opportunity to reach a higher level next year. Especially for diving the certification is SSI, a world recognized certification.

What is the innovation of Mini Greek Schools?

Mini Greek Schools program is an innovative idea because:

- It includes mini training courses with a specific training agenda and educational material, certified and experienced instructors, guides and drivers. It is not a simple trip or tour.
- It can be attended by trainees of all ages and all levels of education, not just by students
- The training agenda of the Mini Greek Schools program is the same in any place of Greece chosen by the trainees, the thing that differs is the excursions, tours and activities in which the trainees participate
- Training courses are conducted in the hotel. A 3* or 4* hotel is selected with all amenities, in an appropriate area with a rich breakfast buffet
- The program is implemented both in summer and winter season in many parts of Greece depending on the trainee's choice
- Trainees have access to an e-learning platform so that they can continue their studies after the end of the program
- Trainees make educational tours and excursions to the sites mentioned in the training agenda
- There is a Certificate awarding at the end of training
- Participants have free time to enjoy holidays and to experience the Greek life and culture
- The trainees are able to successively attend two different subjects, both as an individual or as a member of a group
- The program includes an integrated package which can be offered as corporate gift, grant or subsidized program
